

California Native Plant Society Channel Islands Chapter Second Annual

Native Plant Landscape Symposium

Camarillo Ranch House Barn

201 Camarillo Ranch Road, Camarillo, California 93012

Saturday, February 12th, 2011 ~ 8:00 a.m. to 4:00 p.m.

Registration opens at 7:30 a.m.

Sponsored by:

Camarillo Ranch Foundation (camarilloranch.org)

Umbellularia californica
var. *californica*
California Bay Tree

Photo by David L. Magney

Featuring Outstanding Speakers:

- Lili Singer, Theodore Payne Foundation Special Projects Coordinator, Garden Consultant, Lecturer and Writer
- Bob Perry, Professor Emeritus Cal Poly Pomona, Landscape Architect, Author *Landscape Plants for California Gardens*
- John Greenlee, Horticulturalist, Garden Designer, Author *Native Grasses in Meadow Gardens*
- Pamela Berstler, Award-winning Sustainable Exterior Designer and Landscape Water Management Expert, Ocean Friendly Gardens Program
- David Magney, Certified Arborist, Botanist, Environmental Consultant

Discussion Topics: Creating native meadow gardens; southern California native trees; water conservation, permeability and retention techniques in native plant landscapes; native plant selection, care and maintenance focusing on the Santa Barbara, Ventura, and western Los Angeles Counties.

General Information: The Camarillo Ranch House barn is newly renovated and super high-tech! Beverages, snacks, and gourmet lunch (by Chef Carrie Clough www.manzanitachef.com) will be provided. An enticing array of native plant books will be available for purchase (cash or check only) including books by speakers for purchase and autograph.

Late Registration Cost: \$50 for CNPS Members ~ \$65 for General Public

(Or join CNPS and receive the symposium member rate at the same time)

Registration: To register, go to the CNPS Channel Islands Chapter website at: www.cnpsci.org

Return form and check payable to CNPS, 3218 Serena Ave., Carpinteria, CA 93013

no later than February 11th, 2011.

Contact Person: CNPSCI Landscape Symposium Chair, Janet Takara jntakara@yahoo.com
(909/815-2519).

Dedicated to the preservation of California native flora
